50	VASITARS PRIVATE LIMITED	<a href="http://www.vasitars.com">www.vasitars.com</a>	<p>Products-</p> <ol style="list-style-type: none"> <li>1. VR-101: Uniquely designed for HIGH PRESSURE transmission pipeline providing high strength. Designed to rehabilitate pipelines with pitting corrosion, up to 80% wall loss, dents, gauges and other non-leaking defects to its initial strength increasing the lifetime and durability of pipeline without any time consuming and expensive shut-down. It is Ideal for sensitive industry like Oil and Gas, Pharmaceutical, Fertilizer etc. The repair can be performed in live condition and it is of permanent nature complying ISO 24817 and ASME PCC-2 standards.</li> <li>2. VR-201: Engineered fiberglass composite giving high metal-to-fibre bonding strength for low pressure pipeline. Repairs old and highly corroded pipeline without the need of replacing them, saving time and un-necessary shut-down. It is ideal for low sensitive industry like water resource and others.</li> <li>3. VR-301: Tailor-fit wet-lay system to work with unique and complex pipe geometries like bends, T-shape joints and other odd shapes which are challenging otherwise, providing high strength and high pressure bearing capability. Ideal for pipelines having complex structure and difficult to reach workplace.</li> <li>4. VLR-101: Quick response kit to handle leaking scenarios for temporarily repair up to a live pressure of 5 bars, post which permanent repair can be performed. It is Ideal for sensitive industry like Oil and Gas, Pharmaceutical, Fertilizer etc.</li> <li>5. VLR-201: Designed to quickly fix any leaks in water and other pipelines without any operational shut down at a live pressure of up-to 5 bars. Once repaired, pipeline can be used as before for many years.</li> <li>6. VLR-301: Designed to repair through wall defect of any shape and area. The preform can be tailor-fit to the size of the defect and a permanent repair solution can be devised. It can work where the pipe operating pressure is up to 60-70 bars.</li> <li>7. VAWS-201: Designed to repair large diameter and/or length</li> </ol>	<p><a href="https://drive.google.com/open?id=16oQW_eGuyIVygQtm_uKRpcM0NOV_vcRhpCr">https://drive.google.com/open?id=16oQW_eGuyIVygQtm_uKRpcM0NOV_vcRhpCr</a></p>	<p>Vishal Chandra Khan, Chief Executive Officer          Address- Start-up Centre, IIT Bhubaneshwar, Samantapuri, Rearside of Hotel Swosti Plaza, Bhubaneshwar, Odisha 751013          Mob- 7003021049          Mail- <a href="mailto:vishal_chandra@vasitars.com">vishal_chandra@vasitars.com</a> , <a href="mailto:info@vasitars.com">info@vasitars.com</a>          Links-          1. 			<p>pipeline, where repairing it manually with hand-lay becomes challenging and time-taking by using Automatic State-of-the Art Wrapping Machine. This fully automatic wrapping machine can repair the pipeline without any human intervention giving high accuracy and repair finish saving time and money. The same machine can be deployed for coating pipelines to prevent corrosion.</p> <p>8. Repair Kit: Retail Repair kit to be used for non-sensitive and small damaged pipeline. No requirement of training. Can be performed reading instruction manual. Ideal for domestic water supply, drain pipe in industry or domestic setup</p> <p>Services-</p> <p>1. Vasitars Repair services for all kind of damaged scenarios- We offer our repair services for all kind of damage scenarios in transmission pipelines including leaking and non-leaking defects across all industries. With our patented methodology, material and experts, we promise quality repair of your pipeline. We have the capability to restore even the worst damaged pipelines. You can trust us for your repair needs.</p> <p>2. Vasitars consulting for FRP structures, we do provide consulting on designing and installing FRP based structures. We can take care of your FRP needs and deliver the product without you worrying about it.</p>
